

EASY CARRY EASY DISPLAY

TARGET MARKET & POTENTIAL USER

The potential users of the ECED are the teachers of Pre-school, it provided an opportunity for the teachers to conduct teaching outside the classroom and made the outdoor learning activities more efficiently.

PRODUCT FEATURES

PRODUCT DESCRIPTION

The E.C.E.D (Easy Carry Easy Display) is a portable cabinet that contained a slot-in whiteboard, specifically designed for kindergarten teachers for exhibition and outdoor learning purposes. It is also a unique and exclusive product that provides spaces for students to display their action figures, toys, or presentation models.

PURPOSE OF PRODUCT

The ECED helps the teachers in encouraging a practical learning method to enhance the creativity and imagination within the students' minds which will also improve their fundamental understanding of design art simultaneously.

NOVELTY

The ECED helps the teacher in providing spaces for students and exposing themselves to the outside world. It also enhances students' moods of learning and increases the efficiency of study at the same time. The researches stated out that outdoor learning activities can provide children a healthier environment to learn new things.
